Subject: Eagle Parts

All

Rev A of D4447 and D4448 have been loaded to the prelim folder. These are Eagle only parts that will not get approved or DE approved. They will also not need any certification (not even C of C's).

Do we need to release these so that they can be "put away" or what do we need to do?

Kim

Can you add the following parts into the system:

D4447-1, PT6 Exhaust Cover, waterjet

D4447-3, PT6 Oil Cooler Blower Drive Cover, waterjet

D4447-5, Starter-generator cover, waterjet
D4447-7, Tach Drive Cover, waterjet
D4447-9, Igniter Box Mount, waterjet
D4447-11, ITT Compensator Mount, waterjet
D4447-13, Accessory Gearbox Oil Vent Cover, waterjet
D4447-15, Customer Bleed Air Cover, waterjet
D4447-17, Oil Pressure Cover, waterjet
D4448-1, T53 N1 Gearbox Cover, waterjet

Let me know if there's more info that you need.
